Senator Jack M. Martins was honored to attend the groundbreaking for the new fire station or the Roslyn Highlands Fire Department in East Hills.

“The Roslyn Highlands Fire Department has a rich history of providing valuable fire services for the communities it serves. This will enhance the volunteers’ ability to provide service when they respond to calls from residents. I want to commend Chief Robert Duchnowski, 1st Deputy Chief Adam Boll and 2nd Deputy Chief Michael Gannon and all the members of the department for their service,” Senator Martins said.
