

NEW YORK STATE SENATOR
Jesse Hamilton

Speaking Out Against TPP

JESSE HAMILTON April 7, 2016

| ISSUE: **FREE TRADE, LAW, BUSINESS ECONOMY LABOR, CONSUMER PROTECTION, ENVIRONMENTAL PROTECTION**

Every NY State Senator, every NY Assembly Member, our collective ability to represent our constituents would be weakened by the passage of TPP. I am honored to represent the people of Central Brooklyn, fighting for our neighborhoods and the rights of all New Yorkers. TPP poses a serious threat to those rights—endangering our ability to uphold consumer rights, our ability to combat unfair labor practices, and our ability to impose regulations that keep our air clean and our water safe to drink. In particular, the Investor-State Dispute Settlement system would empower foreign corporations to attack New York's laws outside our courts in unaccountable tribunals. As New Yorkers, we must say NO to TPP.
