Description of Project:

We are requesting \$25,000 in funding to continue our important and successful free programs for at risk children. Central Islip has a serious lack of recreational and educational activities for our children and our programs have helped fill this void. We expect to provide at least 36 sessions serving a total of 250 children under our "Sensational Programming" theme. These will include arts and crafts, sports, movie nights, farm life and nutrition activities.

We will also serve over 300 children through our special "Step Back in Time" program. This is a hands on educational program held at our historic Heines Homestead in downtown Central Islip. Children visit stations where they learn about life for children in the 1800's. They do old fashioned chores, visit our village blacksmith, do hands on work in our organic garden while learning about nutrition, spend time doing lessons in our one room schoolhouse and visit and learn about our chickens, ducks and sheep. This program is also geared to supplement elementary grade Long Island history

Description of Project:

The Family and Children's Association Children's Center at Cohalan Court Complex represents a unique service offered to parents with children under the age of twelve who visit Suffolk County's Family Court. The Center often serves as the first entree to family strengthening programs as well as a safe haven during trying times for families.

The Center, a brightly appointed child-friendly environment, provides a welcoming alternative setting to stress-related, crowded courtrooms and waiting areas. It is a safe, secure and nurturing haven for children.

Under the watchful eye of Family and Children's trained, professional staff, parents involved with the court system feel confident that their children are appropriately cared for. Since its inception, The Children's Center has provided a safe harbor for hundreds of children and offered comfort and security to their parents and caregivers.

Grant received will help provide strength-based case management services that would address the needs of families experiencing problems such as domestic violence, substance abuse, child abuse, and health and mental health issues. An appropriate volunteer is assigned to a family or individual after a home visit and assessment is made. Each volunteer confers weekly with their mentor, who is a pro-bono mental health professional. The program will ultimately help participants develop their own problem-solving capacity and empower them to become self-sufficient.

Description of Project:

Rachel's Place is a residential transitional independent living program certified by OCFS and DYCD. We provide shelter, group therapy, food, clothing and all basic necessities in a supportive environment. In addition, we assist the residents with accessing medical insurance, doctors, therapy, education in HS Diplomas/GED and college and employment assistance. The residents learn about savings money, banking and budgeting through a variety of hands on workshops.

The Department of Public Works has been approached by the local high school and several community members regarding their concerns for pedestrian safety at the intersection of Herricks Road and Crystal Place in Mineola. Herricks Road is a 4 lane County arterial. The intersection is near Mineola High School and experiences a significant increase in pedestrian activity as students cross this uncontrolled intersection. The requested funding will be used to assist in funding the cost of the required traffic signal warrant study, traffic signal design (should the signal be found warranted) and construction. The total cost of the study, design and construction is approximately \$100,000.

The New York Council for the Humanities is a private 501(c)3 founded in 1975 by a distinguished group of scholars, citizens, and public representatives to be the voice of the public humanities in New York State. The objective of the New York Council for the Humanities is to help all New Yorkers lead vibrant intellectual lives by strengthening traditions of cultural literacy, critical inquiry, and civic engagement. Since 2006, the Council has been awarded much-needed state funds, allowing the Council to significantly strengthen its programs and ability to support the public humanities in New York State. The Council can help fill the void left by drastic cuts to education and the arts.

09-10 Funding:

\$40,000

Senator:

Johnson, C.

Administering Agency:

State

Description of Project:

The Port Washington Fire Department requests funds in the amount of \$40,000 for the purchase of three MDT (Mobile Data Terminals) for three fire cars. These devices will enhance response and performance of the Port Washington Fire Department by providing up to the minute crucial information while responding to alarms, similar to terminals installed in Police vehicles.

09-10 Funding:

\$30,000

Senator:

Johnson, C.

Administering Agency:

State

Description of Project:

The purpose of the grant would be to purchase a fixed law enforcement automated license plate recognition system. The system would include 8 cameras that would be strategically installed throughout the district to capture license plate information. The collected data could then be integrated with other local law enforcement agencies to form a comprehensive database of vehicle movement within the surrounding areas where PIPS systems have been deployed. The information could also be used to alert law enforcement agencies of vehicles that NYS DMV has placed revocation, suspension or arts on.

Grants money would be used to obtain critical personal protective equipment and firefighting equipment. First and foremost, to obtain new personal protective equipment for our interior volunteer firefighters. Funds will also be used to replace worn gear that is no longer safe for members, specifically OSHA mandated gloves, helmets, boots, bunker pants and turnout gear. This new gear is needed to protect interior firemen in the dangerous and hazardous conditions that are asking them to enter during the course of their duties. In addition, the new coats will have the firefighters name on the back, allowing us to better track members that enter structures. This will improve accountability of firefighters on the fire ground, thus improving firefighter safety. We will also be looking to purchase a hand-held pulse oximeter that is capable of detecting elevated Carbon Monoxide levels in a patient. Frequently we encounter firefighters and civilians that have been exposed to Carbon Monoxide and this device will allow us to determine the severity of a situation almost immediately. This

Description of Project:

The purpose of the grant is to provide legal representation by a staff attorney to victims of domestic violence in Family Court matters of child custody, visitation and support. The Staff Attorney provides services to 50 to 60 victims a year. These services create safer environments for adult victims and their children. The Suffolk County Coalition Against Domestic Violence is the only domestic violence service provider in Suffolk County who offers the services of a staff attorney. This service is critical to the safety and well-being of children living with domestic violence. Often abusers use the children by telling the victims they will lose custody of their children if they leave the relationship. Many victims do not have the resources to hire private attorneys. Abusers typically control the finances. The SCCADV staff attorney provides free services beginning with consulting the victims/clients; explaining their options and then proceeding with legal action at clients' request.

This program is initially funded by the NY State Department of Housing, and HUD. NY State funded the construction of 4 homes, each housing 5 veterans. The project successfully blends independent living with continued support services to insure the veterans maintain the gains they have made in their lives since coming off the streets. We are in need of additional maintenance and operating funds for 4 houses in E. Patchogue. We would be using funds to supplement part of our utility and fuel costs which have increased by nearly 20% during the last 2 years.

Description of Project:

Turnaround requests these funds to support its work creating safe, stable learning environments in the Bronx and Upper Manhattan during the 2009-2010 school year. Because the full cost of Turnaround's work in a school can range from roughly \$50,000 to \$300,000 per year, funds would be used in conjunction with other funding from philanthropy and the schools themselves to create a comprehensive program serving a set of high needs schools. Over \$1 million has already been committed by major foundations and Turnaround is applying for additional funds. School selection is beginning now, and the number of schools served will depend on funding available.

Description of Project:

The grant will be used in four areas, social services, food pantry, child protection and safety lectures in schools and legal assistance. It's primary purpose is to help families achieve stability and economic independence. To achieve this goal, the UJO runs programs in social services and workforce, economic and housing development. To meet the dynamic and evolving conditions of the nexus of government, people and communities, the UJO is always in the process of modifying, improving or creating new program interventions. The UJO is both multi-service and multi-issue. It has been a catalyst for some of the most important community initiatives in protecting the environment, developing new housing opportunities, land use changes, delivery of social services and ethnic group coalition building.

Funding 2009 National Night Out Event will take place on August 4th and we would hope that you will be able to assist in funding this event. The grant would be used for many things, from purchasing food, renting tents, tables and chairs, renting items such as bouncers and carnival games to entertain the children who attend. We also had a DJ, Magician, and clown for the children thus allowing for activities for the children while parents networked. We also need to purchase postage, advertising, have printing done, etc. The total budget was \$10,000 in 2008 but we understand the fiscal constraints the State is under so we are asking you to award us \$5,000 and we will hopefully be able to garner support from our other local state officials.
