

NEW YORK STATE SENATOR

Mark Walczyk

Tell NYSED That Parents Have The Right To Know!

MARK WALCZYK August 11, 2023

| ISSUE: **PARENTAL RIGHTS, NYSED**

The New York State Education Department (NYSED) released its 2023 Legal Update and Best Practices document titled “Creating a Safe, Supportive, and Affirming School Environment for Transgender and Gender Expansive Students.” Among the many policies this document provides, NYSED gives clear direction to schools to not inform parents of life choices a child expresses at school. Senator Walczyk finds NYSED's attempt to keep parents in the dark dangerous. Parents have a right to know what’s going on in their kids' lives and make decisions for the best interest of their children. Sign my petition today and tell NYSED that

parents have a right to know!

Once your petition is completed and submitted, the webpage will refresh with a blank form.

Don't worry, we have received your submission and no need to resubmit!
