| ISSUE: **HICKSVILLE, COMMUNITY SAFETY, BAIL REFORM. PUBLIC SAFETY, COMMUNITY MEETING**

On Thursday, September 28, Senator Rhoads met with the Hicksville Gardens Civic Association (HGCA) to discuss local issues, hear the concerns of Hicksville residents, and provide an update on what's to come in the next legislative session in Albany. He was honored to meet with the Hicksville Gardens Civic Association, who is dedicated to providing a means for the exchange of ideas and information concerning civic and community affairs. Senator Rhoads had a deep and meaningful discussion about local road conditions, bail

reform, the migrant crisis, revitalizing Hicksville's downtown, and the Governor's continued effort to push her housing proposal usurping local zoning. Senator Rhoads has prioritized meeting with constituents and local organizations and looks forward to continuing his conversation with the HGCA as well as working with other community partners and his colleagues in government to make our community better together.
