Addabbo Energy Saving Con Edison Webinar Video Now on YouTube

JOSEPH P. ADDABBO JR. November 21, 2023

Senator Joseph P. Addabbo, Jr. hosted a virtual webinar with Con Edison to inform constituents about money-saving energy programs that are available under their umbrella Energy Rebates Fit for Queens.

Con Edison has launched this program to provide up to 100% of the cost to make eligible energy efficient upgrades in Southeast and Eastern Queens. It will assist in bringing substantial savings to many residents and businesses in the district.

"I am proud to partner with Con Ed to bring this important information to the community," Addabbo said. "Reducing energy costs is not just about saving money; it's about embracing sustainability, promoting environmental awareness and improvements, while securing a brighter future for generations to come."
