Firefighter and EMS Funding Opportunities

As your State Senator, I will always work to deliver the resources needed to keep our fire departments and EMS agencies viable and strong.

We are grateful to first responders across the 54th District who provide critical and lifesaving services to our residents and communities.

Please download the attached document to review available federal and state grant opportunities for fire departments and EMS providers.

Should you pursue any of these grant opportunities, I would be happy to write a letter of support on your behalf. Please contact me at helming@nysenate.gov or call (315) 568-9816.

Thank you for your exemplary service and dedication.
