BY: Senator ROLISON

MEMORIALIZING Governor Kathy Hochul to proclaim  
June 2024, as Alzheimer's and Brain Awareness Month  
in the State of New York

WHEREAS, It is the custom of this Legislative Body to recognize  
official months that are set aside to increase awareness of serious  
issues that affect the lives of citizens of New York State; and

WHEREAS, Attendant to such concern, and in full accord with its  
long-standing traditions, it is the sense of this Legislative Body to

Alzheimer's disease and dementia in the United States, 410,000 of whom

Alzheimer's, which could result in an estimated 460,000 New Yorkers  
living with the disease by 2025; and

WHEREAS, Alzheimer's kills more people than breast and prostate  
cancer combined; and

WHEREAS, The total cost of caring for those in the United States

with Alzheimer's disease and other dementias is estimated at \$355 billion in 2021; and

WHEREAS, Average per-person Medicare spending for seniors with Alzheimer's is almost three times higher than average per-person spending for all other seniors; under Medicaid, spending is, on average, 23 times higher; and

WHEREAS, In addition, half or more of non-White caregivers say they have experienced discrimination when navigating health care settings for their care recipient; and

WHEREAS, It is imperative that there be greater public awareness of this serious health issue, and more must be done to increase activity at the local, State and national levels; now, therefore, be it
