q

*Proud to attend the ribbon-cutting ceremony for **Eisco Scientific's** new distribution and research facility in Honeoye Falls. Eisco started over 50 years ago as a small, family-owned manufacturing company serving the science education marketplace. Since then, they have grown into a multinational corporation with headquarters located in the United States that serve hundreds of distributors in over 100 countries throughout the world. As State Senator, I*

will always support new and expanding businesses that help grow our local economy, jobs and tax base.
