Senator Addabbo allocated funds to the West Hamilton Beach Fire Department so they could procure gear that they needed.

Senator Joseph P. Addabbo, Jr. allocated state funding (initially allocated in 2022) to the West Hamilton Beach Fire Department so they could procure materials including bunker pants, leather boots, EMS coats, protective masks, battery chargers and fire extinguishers

“Ensuring our volunteer firefighters have the necessary gear is not just a budgetary decision; it’s a commitment to the safety of our community and the brave men and women who

protect it,” Addabbo said. “By allocating these funds, we are investing in their ability to respond effectively and safely to emergencies. It’s a small token of my appreciation for the dedicated efforts of our volunteer firefighters. I am proud to support the West Hamilton Beach Fire Department as they have protected my constituents for years.”
