

NEW YORK STATE SENATOR

Daniel G. Stec

Senator Stec Announces 2025-26 Committee Assignments

DANIEL G. STEC January 13, 2025

| ISSUE: **SENATE COMMITTEE ASSIGNMENTS**

Senator Dan Stec (R,C-Queensbury) today announced his 2025 Senate Committee assignments. Most notably, Stec was appointed as the Ranking Minority Member of the Senate Environmental Conservation Committee and the Senate's Internet and Technology Committee. These notable positions will further his work with two important issues facing our region: responsible stewardship of the Adirondacks and improving broadband and cellular service in the Adirondack Park.

"I'm pleased to announce my committee assignments for the 2025-26 Legislative Session," said Stec. "I'm particularly eager to resume my efforts as the Ranking Minority Senator on the Environmental Conservation and Internet and Technology Committees. I plan to use this position to not only promote legislation that will protect and improve our region, but to advocate against bills that I believe harm the Adirondacks and North Country. With Legislative Session underway, I look forward to getting to work on the policies necessary to help improve our economy and quality of life for years to come."

Senator Stec's 2025-26 Senate Committee assignments are as follows:

- Ranking Minority Member, Senate Environmental Conservation Committee;
- Ranking Minority Member, Senate Internet and Technology Committee;
- Education Committee;
- Health Committee;
- Rules Committee;

- Veterans, Homeland Security and Military Affairs Committee; and
- Subcommittee on Native American Relations.
