LIZ KRUEGER June 13, 2006

Albany, NY -- "I am honored to have again received the endorsement of the Working Families Party," Krueger said. "The WFP and I have a shared commitment to ensuring that all New Yorkers have access to affordable housing, healthcare, a quality public education, and fair wages."

Senator Krueger has received the endorsement of the Working Families Party in each of her races for the New York State Senate.

Krueger added, "I will continue to work hard every day to address these concerns, and I know the Working Families Party will make sure these issues continue to be addressed by candidates statewide."
