Senator Robach Statement on \$800,000 for Trailers at Five Points Correctional Facility

JOSEPH E. ROBACH March 24, 2010

| ISSUE: **CORRECTIONAL**

The following is a response from Senator Robach regarding Governor Paterson's call to spend almost \$800,000 on trailers to be used for conjugal and family visits at the Five Points Correctional Facility in Seneca County. "Spending almost one million in tax payer dollars on something like this is offensive to working families, who are struggling during these challenging economic times. I refuse to support such wasteful spending of the people's money."
