Photo caption: New York State Senator Charles J. Fuschillo, Jr. (R-Merrick) recently visited the Freeport Library to view some of the new improvements that recently took place. The improvements were made possible through state capital construction funding and will help the Library better serve the residents of the Village.

Senator Fuschillo is pictured with Freeport Library Director Dave Opatow and Freeport Library Board President Darleyne Mayers as he views the newly rebuilt circulation desk, which was reconstructed to be made ADA accessible.
