

## Statement from Senator Lee M. Zeldin RE: Property Tax Cap

LEE M. ZELDIN January 31, 2011

ISSUE: PROPERTY TAX

"Today's vote shows that there is bipartisan support for property tax relief in New York
State. I am looking forward to working with Local Governments, School Districts and others
on a comprehensive package of governmental reforms. We need to move forward on
mandate relief to ensure that we reach our goals of both a quality education for our youth
and property tax relief for our families. This property tax cap should only be a first step
towards progress."
