Senator Dean G. Skelos

Senate Majority Leader and President Pro-Tempore

330 CAP

Albany, New York 12247

Dear Majority Leader Skelos:

I am enclosing for your information an article that was published in the [Daily News on Friday, April 15, 2011](#), regarding the serious problem of public prostitution that is taking place near an elementary school in the Bronx.

My bill (S.1313), which I have discussed with you, creates felonies for the crime of prostitution within 1,000 feet of a school in order to combat this most serious issue. The bill is sponsored in the Assembly by Assemblyman Marcos Crespo (A.2264).

I am requesting your intervention to move this bill through the legislative process so that it comes to the Senate floor for a vote. Once it passes the Senate, I am sure that the Assembly will act on it as well before session adjourns in June.

Thank you again for your assistance in this most urgent matter. I look forward to working with you so that together we may provide our children with the protection they deserve. Please do not hesitate to contact me if I can be of further assistance to you.

Sincerely,

Senator Rev. Rubén Díaz
32nd Senatorial District

EXISTING LAW:

Penal Law; Title M; Offenses Against Public Health and Morals; Article 230; Prostitution Offenses.

JUSTIFICATION:

While there are enhanced criminal penalties for certain crimes committed near schools, prostitution is not one of them. State statute must reflect the current reality that prostitution can and does take place in any environment, even in areas that are visible to the public.

The New York Times published a shocking article on January 2, 2011 entitled "A Bronx Elementary School, Surrounded by Prostitutes (Yardena Schwartz)." Ms. Schwartz, in her expose, reported in great detail how students who attend the West Farms Elementary School located in the Bronx, NY, are subjected to this illicit sexual activity. "At all hours of the day, prostitutes roam the streets around the school, waiting for cars entering and leaving the Cross Bronx Expressway. They bend over car windows and climb inside, in plain view of students walking to and from

the school. "

The activity is so brazen that according to the article, 'The prostitutes also have sex inside a tent on top of a boulder directly below the school's playground. Students, from prekindergartners to fifth graders, can see mattresses, cushions and sheets strewn about the rock. Custodians often have to sweep condoms and hypodermic needles from the school grounds before students arrive in the morning.'

We must do more to protect our children and to ensure that they are not subjected to crimes of this nature. They should be safe at all times, but especially when they are going to and from school. Likewise, local enforcement, from the police to the district attorney, must be given the appropriate tools to fight these crimes.

This legislation creates the following new crimes: patronizing a prostitute within one thousand feet of school grounds; promoting prostitution within one thousand feet of school grounds; compelling prostitution within one thousand feet of school grounds; and permitting prostitution within one thousand feet of school grounds and provides for enhanced criminal sanctions. Furthermore, the definition of "school grounds" is consistent with that of the current definition in the Penal Law.
