Statement From State Senator Michael Gianaris on Agreement to Rebuild St. Nicholas Greek Orthodox Church

MICHAEL GIANARIS October 14, 2011

| ISSUE: **AUTHORITIES AND COMMISSIONS, PANYNJ (PORT AUTHORITY OF NEW YORK AND NEW JERSEY), NEW YORK CITY, EXECUTIVE**

“For more than a decade, Greek-Americans have been without our place of worship in one of the most significant locations in this country. This long-awaited deal reminds the world of New York’s emphasis on religious freedom and the value of reconstruction as we continue to remember all we lost on September 11th. I look forward to celebrating the rebuilding of Saint Nicholas with my fellow Greek-Americans and all New Yorkers. I thank the Greek Orthodox Archdiocese of America, Governor Cuomo and the Port Authority for their hard work to bring about today’s agreement.”
