

NEW YORK STATE SENATOR

Michael Gianaris

Statement From Senator Michael Gianaris on Selection of Cornell University for Applied Sciences Campus on Roosevelt Island

MICHAEL GIANARIS December 19, 2011

| ISSUE: **ECONOMIC DEVELOPMENT, EDUCATION, RECREATION AND TOURISM, HIGHER EDUCATION, SMALL BUSINESS**

"I welcome the selection of Cornell University to create a state-of-the-art Applied Sciences Campus on Roosevelt Island. This facility will create thousands of new jobs and its location will advance western Queens' growing reputation as a hub of job growth, technology and entrepreneurship. As we continue to face difficult financial times, it is initiatives like this one that incentivize new businesses to establish themselves here and fuel economic development."
