| COMMITTEE: **LOCAL GOVERNMENT**

Senator Jack M. Martins helped members of Boy Scout Troop 10 of Great Neck earn their Citizenship in the Community Badge. As part of the badge requirements, the Scouts had to meet with a local leader to discuss community issues. On Saturday, March 11, the Scouts met with Senator Martins at his District Office in Garden City Park. The Scouts had a roundtable discussion about issues concerning their community.

“The Boy Scouts and Girl Scout are noble organizations that help shape our youth into future leaders. I was glad to help and will continue to support them,” said Senator Martins.
