Senator Martins Seeks Photographers for Spring Exhibit

JACK M. MARTINS March 30, 2012

| ISSUE: **ARTS AND CULTURE, LOCAL GOVERNMENT**

| COMMITTEE: **LOCAL GOVERNMENT**

CAPTURE YOUR COMMUNITY IN FULL BLOOM

Senator Jack M. Martins is seeking photography enthusiasts who live in the Seventh Senate District to submit photos for a spring photography exhibit. The theme is “Capture Your Community in Full Bloom.”

With spring here, it's time to celebrate all the beauty our communities have to offer. Please submit a photograph that captures what you find beautiful about your community in the spring.

Photos will be displayed on an online photo gallery. Some of the photographs will be printed and displayed in both Senator Martins' District Office in Garden City Park as well as his office in Albany. In addition, a photo exhibit will be held to recognize the photographs (details to follow).

Photos must be originals and you must live in the Seventh Senate District. Photos will be accepted until June 1. To enter your photo, simply email a jpeg attachment of your photo to senatormartinsphoto@gmail.com or send a print of the photo to the District Office of Senator Jack M. Martins, 151 Herricks Road, Suite 202, Garden City Park, NY 11040. Please include your address, telephone number and email address. Also, please list where in the community you took your photo.
