Hurricane Sandy – Unemployment Insurance Information

DIANE J. SAVINO November 2, 2012

For those currently on unemployment:

Claimant Extension Date

Because of the loss of power and phone service in the storm impacted areas, many Unemployment Insurance claimants were unable to certify for their weekly benefits. The Department of Labor will extend the date of certification of unemployment benefits for individuals impacted by Hurricane Sandy from November 3, 2012 to November 10, 2012. These individuals will need to call 1-888-209-8124 and speak to an agent to receive benefits for the prior week. If you are unable to access a phone to obtain benefits, individuals can visit any of the agency's career centers.

For those needing to apply due to job loss as result of hurricane:

Governor Andrew M. Cuomo today announced that federal disaster unemployment assistance is now available to all New Yorkers who lost their jobs as a result of Hurricane Sandy. Disaster unemployment benefits are available to provide financial support to anyone who has lost their job and live or work in the Bronx, Kings, New York, Richmond, Queens, Nassau, Suffolk, Rockland and Westchester counties.

This assistance will supplement New York's existing unemployment insurance system and will expand eligibility to include individuals who might otherwise not be covered. The United States Department of Labor has committed to providing additional assistance if needed.

Department of Labor staff will be deployed to hard-hit communities to help register impacted New Yorkers for Disaster Unemployment Assistance in person.

Anyone unemployed due to Hurricane Sandy is immediately eligible and can submit a claim to the Department of Labor. The criterion for collecting disaster assistance is broader than for collecting regular unemployment benefits. Specifically, an individual can collect disaster assistance in any of the following cases:

- Injured in the disaster and unable to work, whether the person is an employee or self-employed.
- Workplace is damaged, or destroyed, or the person cannot work because of the disaster.
- Transportation to work is not available because of the disaster.
- Cannot get to work because must travel through the affected area, which is impossible due to disaster.
- Planned to begin working, but cannot because of the disaster.
- Derived most of income from areas affected by the disaster, and business is closed or inoperable because of the disaster.

Examples of self-employment include small business owners, independent taxi drivers, vendors, independent commercial fisherman, and farmers.

To apply for unemployment benefits or disaster unemployment assistance, those affected by the storm and have lost their job or income should call the Telephone Claims Center (TCC) at 1-888-209-8124, or 1-877-358-5306 if they live out of state. Applicants should answer the questions to indicate they lost their job due to Hurricane Sandy. In order to receive benefits you must apply by December 3, 2012.
