

NEW YORK STATE SENATOR

Joseph E. Robach

## Finger Lakes Region Awarded \$96.2 Million for 76 Projects

JOSEPH E. ROBACH December 19, 2012

| ISSUE: **ECONOMIC DEVELOPMENT**

**SENATOR ROBACH ANNOUNCES LOCAL JOB CREATION PROJECTS**

**TO RECEIVE STATE FUNDING**

**Area Projects Among Winners of Regional Economic Development Council Awards**

Senator Robach today announced that 20 job creation projects in the 56th Senate District will receive critically important state funds through the second round of Regional

Economic Development Council awards.

“This is tremendous news because these projects will strengthen our economy and help create and retain jobs,” Senator Robach said. “Our community leaders serving on the regional economic development council have worked hard to put together an economic development strategy that takes advantage of the tremendous resources, skills and talent in our area. I applaud Governor Cuomo and Lieutenant Governor Duffy for this successful initiative that is spurring job growth and building a stronger economy for the future.”

Governor Andrew M. Cuomo said, "For the second year in a row, the Regional Councils have been on the forefront of rebuilding New York State's economy. For too many years, top-down economic development policies have failed communities across the state and not truly invested in the unique resources and strengths of each of New York's regions. Now a new, bottom-up approach is in place that brings local communities together to chart their own economic destiny. The second round of Regional Economic Development Council awards will deliver funding for critical projects and investments in communities across our state, helping put New Yorkers back to work and rebuilding our economy."

The following job creation projects in the 56th Senate District will receive funding from the second round of the Regional Economic Development Council program:
