NEW YORK STATE SENATE OFFICE OF SENATOR MICHAEL GIANARIS

STATEMENT FROM SENATOR MICHAEL GIANARIS ON TEARING DOWN

ASTORIA'S CHARLES POLETTI POWER PLANT

“

Western Queens residents have reason to rejoice the new year with the news that New York's biggest polluter, the Charles Poletti Power Plant, will finally be torn down in 2013. Many of us remember all too well the toxic, dirty air emitted by the plant that plagued our neighborhood for decades, and it was thanks to our hard work the plant finally closed. As we prepare to ring in the new year, I look forward to celebrating the much-awaited deconstruction of this power plant as well as continuing our work to make western Queens a

green neighborhood whose residents are healthy and air is clean.”
