

NEW YORK STATE SENATOR

Joseph E. Robach

Community Connection for Week Ending Sunday, January 13th

JOSEPH E. ROBACH January 11, 2013

holiday season:

Earlier this week, Governor Cuomo delivered his 2013 State of the State Address in Albany.

I was very glad to see that his address focused on the upstate economy, both investments in our colleges and universities, and our economic regional plans.

Additionally, as it has happened in the past, the Governor sent a clear message that we need to do all we can do to help our economy in upstate New York to preserve the jobs we already have and continue with economic development to create additional employment opportunities.
