| ISSUE: **CONSTITUENTS CORNER**

Senator Grisanti (R,I-60) invites you to share your input on "The Future of the Buffalo Skyway," a roundtable of stakeholders that will examine the best practices moving forward with the Skyway.

We would like to address a number of issues including access to the Inner and Outer Harbor, Ohio St and Furhman Blvd, the role that the Skyway plays with regards to business, the cost effectiveness of the overall maintenance of the Skyway versus the removal of it, and what

could be developed on the waterfront if the Skyway is removed.

Please express your opinion on these matters below to help move the discussion on the Skyway forward towards a solution!

Click [here to visit senatormarkgrisanti.com](http://senatormarkgrisanti.com) and access [the form](#) and have your voice heard.

Your comments will then be presented to both Senator Grisanti and New York State Transportation Chairman Senator Charles Fuschillo at the Senate Roundtable.
