ALBANY, N.Y. – Senator Ted O'Brien today announced that the State Senate passed an amendment to the real property tax law that would allow local governments to grant a 5 percent tax reduction to long-term veterans of the National Guard or any of the reserve branches of the United States Military. Senator O'Brien voted yes on the measure.

“At a time when families are struggling, I am proud to support these needed property tax relief opportunities for our dedicated Reservists and National Guard members,” said Senator O'Brien, who had also supported the bill, S.553-B, in the Senate's Local Government committee. “These citizen soldiers are not only our friends and neighbors, they are also a critical line of defense against natural and man-made disasters and crises. It is only fitting that we provide them with well-earned property tax relief and redouble our efforts to show them our gratitude.”

The bill gives any municipality in the state the authority to create a 5 percent local property tax exemption for all Reservists and National Guard members who have received their standard “20-year letter,” which informs them of their eligibility for military retirement benefits.
