Martin J. Golden

Statement by State Senator Marty Golden on an Nypd Monitor

MARTIN J. GOLDEN June 13, 2013

Albany, NY – State Senator Martin J. Golden (R-C-I, Brooklyn), a former Police Officer in the NYPD, today has issued the following statement regarding the Justice Department’s recommendation that a monitor be installed to oversee the NYPD:

“I can think of no more significant way to disrupt the hard work the NYPD has done to keep our streets safe than this proposal. We have a chain of command in the NYPD and a system in place to investigate the actions taken by police officers if they violate the law. Having the Justice Department install someone to look over their shoulders will do nothing to increase how safe our city is, and will act as a deterrent on our police force to effectively do their jobs.
