Ritchie Tours Reenergy Biomass Facility as Part of “National Bioenergy Day”

PATTY RITCHIE October 23, 2013

| ISSUE: **ENERGY, ENVIRONMENT, RENEWABLE ENERGY**

State Senator Patty Ritchie recently toured the ReEnergy biomass facility in Lyons Falls as part of “National Bioenergy Day”

ReEnergy owns and operates facilities that use forest-derived woody biomass and other wood waste residues to produce homegrown, renewable energy. In addition, it also owns facilities that recycle construction and demolition debris.
