NANUET, NY – Senator David Carlucci (D, Rockland/Westchester) said, “I thank the Governor for his leadership and partnership in signing this important piece of legislation. The East Ramapo Central School district has major needs and this legislation is vital to restoring important program funding as well as implementing key oversight that will make sure the spin-up funds go where they are most needed. We must continue to bring communities together to work for the benefit of all the children of East Ramapo and across the Hudson Valley.
