| ISSUE: **EDUCATION, MENTAL HEALTH**

The Children's Institute announced the *Application for Funds for School Year 2014-2015* to fund new *Primary Mental Health Project* programs in schools.

The *Primary Mental Health Project* is a nationally recognized, evidenced-based program that helps children in kindergarten through third grade focus on learning, adjust to school, and gain self-confidence.

Letters of Intent are due February 7, 2014.

Please review to the attached document for application details and other information.
