

NEW YORK STATE SENATOR

Jeffrey D. Klein

## Senator Klein Launches Satellite Offices Across the Bronx and Westchester

JEFFREY D. KLEIN January 9, 2014

| ISSUE: **LOCAL GOVERNMENT, NEW YORK CITY, GOVERNMENT OPERATIONS, COMMUNITY REINVESTMENT, TOWNS OR COUNTIES**

**January 9, 2014** – Starting Friday, January 10, 2014, Senator Klein will open satellite offices that will rotate weekly across various parts of Senator Klein’s district. Representatives from Senator Klein’s office will be at stationed locations, allowing for members of the community to have local access to casework assistance and information on community events. Satellite offices will be open from 9am to 5pm through March.

**Senator Klein (D-Bronx/Westchester) said:** “Throughout my career in public service, I have always believed that one of my most important duties is to be accessible everyone I’m lucky enough to represent. While my district office door is always open, having “office hours” in other parts of our community give more residents greater and more direct access to the information and assistance they need. That’s why I’m thrilled to announce the opening of satellite offices throughout the Bronx and Westchester. I encourage local residents to stop by to let us know how we can help them, how to get more involved with the community and how together, we can make our neighborhood a better place.”
