

NEW YORK STATE SENATOR

Kenneth P. LaValle

Senator Ken LaValle's Statement Concerning DEC Mute Swan Plan Delay

KENNETH P. LAVALLE March 3, 2014

| ISSUE: **ENVIRONMENT**

"I am pleased that the Department of Environmental Conservation (DEC) has listened to the issues that have arisen from the planned update of the Mute Swan Management Plan.

I am hopeful the DEC takes to heart my recommendation to conduct a new, independent study for consideration in the development of any revised plan.

The Department of Environmental Conservation's approach is a good first step towards a comprehensive and successful Mute Swan Management Plan."
