(Bronx, NY)- Senator Serrano co-sponsored Council Member Vanessa L. Gibson's community resource fair in the Highbridge section of The Bronx. Local community organizations provided the community with information on education, youth services, healthcare, social services, housing and legal services.

"I was proud to co-sponsor this community resource fair for the Highbridge community of The Bronx. This resource fair brought together many local government agencies and non-profits in an effort to help improve delivery of services to our neighborhood residents. Many thanks to Council Member Gibson for organizing this important community resource fair," said Senator Serrano.
