

NEW YORK STATE SENATOR

Michael Gianaris

Senator Gianaris Statement on Future of Sunnyside Yards

MICHAEL GIANARIS February 3, 2015

| ISSUE: **HOUSING, TRANSPORTATION**

(Queens, NY) Senator Michael Gianaris issued the following statement regarding any possible development at Sunnyside Yards.

“Mayor de Blasio is right that western Queens needs more affordable middle class housing so we can maintain the character of our growing neighborhoods,” **said Senator Gianaris.** “It is critical that the discussion regarding Sunnyside Yards includes the community and focuses on providing the additional infrastructure we desperately need. Any future development must bring with it more and better schools, new parks and open spaces, and vastly improved mass transit, particularly on the 7 line. I look forward to working with the Mayor to ensure our existing community is consulted and protected as this process unfolds.”
