## Senator Ritchie's Weekly Column

As State Senator, it's my job to represent the interests and opinions of the thousands of constituents who reside in the 48<sup>th</sup> Senate District. As I work to improve our region by creating jobs, boosting the economy, supporting our schools, cutting taxes and more, it's imperative that I learn about what matters to you.

In an effort to do just that, last December I launched my 2015 Legislative Survey. I'm pleased to report that nearly 4,000 people from our region weighed in; sharing their opinions on everything from education issues to how to spend the state's \$5 billion windfall.

Recently, we tallied up the results and key findings included the following:

- 79 percent of participants believe a new law should be passed to make the state's 2 percent tax cap permanent;
- 90 percent of participants support a law that would "cap" state budget increases to prevent overspending;

| • elig   | 89 percent oppose the "DREAM Act," a legislative proposal which would make illegal immigrants tible for taxpayer-paid tuition benefits;   |
|----------|---|
| •        | 71 percent support reform of Common Core;   |
|          | 75 percent believe a full repeal of the Gap Elimination Adjustment (GEA)—a budget gimmick oduced before I was elected, which has cost school districts across the state upwards of \$8 billion since ntroduction in 2010—should continue to be a priority in the next State Budget;   |
| •        | 74 percent oppose the SAFE Act;   |
| •        | 77 percent support reducing taxes on businesses that create good-paying jobs; and   |
| •<br>yea | 72 percent support increasing funding for "Young Farmers NY" program; an initiative I launched last r to help encourage more young people to pursue careers in farming.   |
