

NEW YORK STATE SENATOR

Robert G. Ortt

Statement: Senator Ortt Supports Motion to Remove Skelos

ROBERT G. ORTT May 6, 2015

| ISSUE: **LEGISLATURE**

“When the Senate returns to session, I will be supporting, with a heavy heart, a motion, or submitting one of my own if required, to replace Senator Skelos as Majority Leader.

“Senator Skelos has done a lot of good work for New York State. But, one thing I learned fighting in Afghanistan is that being a leader means doing what's best for the people you serve, not yourself, even if it's painful or unpopular.

“The Senate Conference is bigger than one individual. We have critical issues facing us in New York, and we need a leader who can effectively advocate for Upstate New York without the cloud surrounding the current Senate leadership.”
