(Middletown, NY)-Senator Bonacic is pleased to announce that he has secured \$15,000 for the Sullivan County Sheriff's Office. The funds will allow the Sheriff's Office to purchase equipment to assist in law enforcement efforts throughout the County.

"Our local law enforcement officials are faced with difficult challenges everyday – from protecting the public, to managing costs – and providing the necessary tools for police officers to protect and serve the public has always been a top priority of mine," said Senator Bonacic. "These funds will help ensure that the Sullivan County Sheriff's Office can continue its mission of protecting the county residents."

"Senator Bonacic understands the demands that have been placed on local law enforcement agencies and their budgets in recent years", said Sullivan County Sheriff Michael Schiff.

"These funds will help us to improve our law enforcement capabilities as we work to revitalize our county as a resort and tourist destination."
