Senator Jack M. Martins (R-7th Senate District) recently visited North Bay Cadillac in Great Neck for an event in support of the Manhasset-Lakeville Fire Department.

North Bay Cadillac presented a CPR training unit to the Department. The units allow personnel to teach area residents the correct way to provide CPR, allowing those trained to save the lives of heart attack victims in need of immediate attention. North Bay Cadillac is a

member of the Greater New York Automobile Dealers Association (GNYADA) which administers the CPR donations on behalf of the National Automobile Dealers Association Charitable Foundation.
