Statement by Senator Rev Rubén Díaz about the New Legionnaires

Senator Rev Ruben Diaz has issued the following statement about the New Legionnaires:

"I am extremely concerned about the most recent case of Legionnaires at Melrose Houses, and I am afraid to think that this Administration could be lying to us. Not too long ago they said that everything is fine, and now they say it's not and more people are dying. Are they hiding something? If there is something else we need to know, I pray that they will tell us before more lives are lost."

For further information, please contact Ms. Ann Noonan, Chief of Staff at (646) 251-6069.
