

October is Breast Cancer Awareness Month

BRIAN X. FOLEY October 6, 2009

ISSUE: HEALTH, WOMEN'S HEALTH, WOMEN

OCTOBER IS BREAST CANCER AWARENESS MONTH

Early screening is estimated to reduce breast cancer deaths by 20-25%.

This means you have the power to do something.

Small steps like talking to your health care provider about recommended screenings for breast cancer can reduce your risk.

Call us at (631) 360-3365 (3356) or Email us at <u>SD3Info@gmail.com</u> and we will connect you with a free/low cost breast examination facility near you!

Now you know. Now you can.
