Students Lobby for After-School Program Funding

VELMANETTE MONTGOMERY March 9, 2010

Students, parents and teachers from P.S. 24 in Sunset Park ask Senator Montgomery to support their After-School Program, which is facing tough financial times due to the Governor proposed budget cuts. The Senator pledged to do all that she can to restore funding to \$30.5 million, an amount that was earmarked for after-school programs in last year's budget.
