BEFORE AND AFTER HEALTH CARE REFORM

■ Paid by Enrollee
■ Paid by Plan

I know how confusing healthcare insurance issues can be, and in times like these, with new Federal legislation, these issues can get even more complicated. My office has received a great many calls from constituents seeking assistance in navigating issues of access to healthcare and in dealing with Medicare, Medicaid, and private insurance. As New York State moves toward implementing Federal healthcare reform, there are many new questions about what changes to expect. This newsletter is an effort to address some of these

questions.

Please see attached newsletter.
