

NEW YORK STATE SENATOR

Martin Malavé Dilan

Borough Taxis | Take the Survey, Let the City Know What You Think

MARTIN MALAVÉ DILAN March 11, 2011

The Mayor has proposed to establish a new category of livery cars that can make on-street pickups outside of Manhattan, much like yellow cabs do. The program aims to improve taxi availability while bringing yellow-taxi-like amenities (e.g., metered fares, credit/debit card payment, easier-to-spot cabs) to the Bronx, Brooklyn, Queens, and

Staten Island.

The City wants to hear from residents about your experiences with taxis and car services and has developed a brief online survey where your voice can be heard. [Click Here](#) to let them know what you think.

El cuestionario está también disponible en español [aquí](#)
