

NEW YORK STATE SENATOR

Shirley L. Huntley

5/3/2011: District Council #37 Lobby Day

SHIRLEY L. HUNTLEY May 2, 2011

| ISSUE: **CIVIL SERVICE AND PENSIONS, LABOR, HEALTH CARE, CONSTRUCTION, COMMUNITY DEVELOPMENT**

On May 3, 2011 Senator Huntley met with many members of District Council 37 (DC 37) in her Albany office and at the convention center. Senator Huntley has supported the hardworking efforts of DC 37 and the millions of middle to working class people who are a part of the group. DC 37 spoke with Senator Huntley about legislation and other pending bills that would be very controversial or have their football spirit.

Some of the issues DC 37 supports include a wide range of topics. Renewal of Rent regulation was very important to members due the fact that there is a housing crunch in New York City for affordable housing. They also support restarting New York City Off-Tracking Betting to bring more jobs and revenue to the communities they live in. Most of the DC 37 members supported extended the Personal Income Tax surcharge. They felt everyone had to pay their fair share, but the wealthiest New Yorkers were not doing so and wanted them to be charged more.

The bills DC 37 did oppose included the Last In, First Out and New York City Property Tax Cap.
