State Senator Lee M. Zeldin (R, C, I- Shirley) held his second Mobile Office “Hamlet Day” on Tuesday, September 6, 2011, at the Bellport Community Center in the Village of Bellport. Residents had the chance to meet with Senator Zeldin to share their concerns and questions regarding issues facing their local community and New York State.

“Hamlet Days are a great opportunity for me to bring our state government straight to the people,” said Senator Zeldin. “Whether you have questions about legislation before the State Senate or issues more personal in nature, I encourage all constituents of the 3rd Senate District to take full advantage of my mobile office hours.”

Senator Zeldin will be holding similar “Hamlet Days” in each of the communities of the 3rd Senate District in the coming months.
