

NEW YORK STATE SENATOR

Hugh T. Farley

Fire Safety Night in Tribes Hill a Success

HUGH T. FARLEY October 20, 2011

Many people came out to the annual Fire Safety Night held by Senator Farley and the Tribes Hill Fire Department. GAVAC showed off their ambulance and gear and the Hagaman Fire Department gave tours of their fire safety house. Tribes Hill firemen gave a demonstration on extracting people from a vehicle in the parking lot while 10 vendors were inside the firehouse giving away information on a variety of safety and health topics. Montgomery County Emergency Management was also on hand and presented a slide show of the recent disasters and rescues that occurred.

Senator Hugh T. Farley talks with Montgomery County Emergency Management Intern Donald Bramer about the recent disasters that hit Montgomery County. The Senator also thanked the department for all of its efforts during the crisis.
