Mark Davis' family were in the Senate Chamber 5/22 to watch as "Mark's Law" won the Senate's approval in an overwhelming, bipartisan vote.

The photo above shows Mark's brother, Michael; sister, Maricia; Mom, Marsha, and Dad, Larry, with Senator Ritchie, in the Senate Chamber prior to the vote.

"I hope (Mark) gets a chance to hear it, sense it, feel it somehow or someday. Isn't that what makes life worth living? Things like this? When people come together and change things to a better degree. That's what it's all about," said Marsha.
