| ISSUE: **ECONOMIC DEVELOPMENT, SMALL BUSINESS**

Recently, I had the privilege to speak at, and help cut the ribbon at, the grand opening ceremony for Regus Group. The Regus Business Center is designed for small business owners that want a presence downtown. It is 10,000 square feet which includes conferences rooms, a kitchen, and wi-fi access. Regus also provides administrative services. Regus has over 1,000 locations around the world.
