

NEW YORK STATE SENATOR

Eric Adams

August is National Water Quality Month

ERIC ADAMS July 31, 2012

**Senator Adams
recognizes August
as
National Water Quality
Month**

**Click here for the
Senator's message and for
resources to learn more.**

Dear Constituents:

It is August, and the summer is beginning to wind down. As the days have been muggy and hot, I hope that everyone has been keeping cool and staying hydrated.

The uninterrupted availability of clean drinking water has caused us to take our valuable resource for granted, and we often fail to realize how regular human activities impact our water quality. Therefore, August has been designated as National Water Quality month

For more information, and tips on keeping your drinking water safe, please visit the U.S. Environmental Protection Agency's website: www.epa.gov/OW/index.html

Yours Truly,

Eric Adams

NYS Senator

District #20
