ITT Goulds Pumps Announces Expansion

MICHAEL F. NOZZOLIO November 21, 2012

Seneca Falls- I recently spoke at ITT Goulds' recent announcement of their decision to expand their operations in Seneca Falls. I was instrumental in putting together the state funding incentives necessary to keep ITT Goulds Pumps here. The expansion project will include the construction of a Research and Development Facility as well as a new manufacturing facility in Seneca Falls. It will create 50 new jobs and retain over 100 key positions in the company.

Pictured Left to Right are: David Warren; Senator Nozzolio; Steve Durham, ITT Goulds

Pumps Facility Manager; and Mison La-Seigna, President of United Steelworkers Local 3298.
